Dear Agratha Academy Students and Parents,

On behalf of the Agratha Academy (AA) family, allow me to extend my warmest greetings and kindest regards to all and welcome to the AA home on the web. I personally feel blissful and fortunate to be part of this caring and competent team, which I trust can make a difference. An education of the highest quality is the greatest gift that parents can give to their children.

We at AA believe that a school should be led by a set of shared beliefs; Education is a covenant between educator and the community it serves. We are therefore very proud of the relationship we have with our community and the individualized education that we are able to provide our students.

Our Vision and Mission is to situate our students in the center of learning. Accordingly, all contemporary teaching strategies, including differentiated instruction, are adopted to meet the unique needs and abilities of all our students.

We work as a team.
